Sunnen Products Company of St. Louis, Missouri, U.S.A. has been a global leader in the manufacture and distribution of engine building equipment since 1924. One of the first Sunnen products was the manual cylinder hone which was introduced in 1928 by Joseph Sunnen, founder of the company. This product was used first by garages to "touch-up" cylinders when they put in new rings.

Engine Disassembly: One of the most fascinating parts of an engine rebuild is the teardown. During an engine teardown, you can learn a great deal about how the engine ran, how it was treated, and how its many components wore in during its service life. Hammered rod bearings indicate hard use and abuse.
