The news of two new screens from Dell broke early in May when details of a new 21.5" and 23" model appeared on Dell's Asian websites. We reported at the time about the new U2211H and U2311H and readers were immediately interested in the use of IPS panel technology again. As Dell have done with the rest of their Premium UltraSharp monitor range, they have opted to use high end IPS technology to ...
