Honda EU3000iS: Summary. The Honda EU3000iS is more expensive than most other 3000-watt inverter generators, but it is more reliable and it produces less noise (check current prices at Amazon.com). This Honda inverter generator has a dry weight of 131 pounds which is too heavy for one person to move or carry. It needs at least two people (each grabbing a handle) to move, load and unload this ...

If you are testing out your new boost capacitor, be sure you allow several minutes between startups of your A/C. This ensures that pressures within the A/C system equalize and the compressor motor will start much easier. If it's particularly hot out, the A/C system will have very high pressure on one side of the system after shutdown.
