Preface The problems in the book, "Elements of Information Theory, Second Edition", were chosen from the problems used during the course at Stanford. Most of the solutions here were prepared by the graders and instructors of the course. We would particularly like to thank Prof. John Gill, David Evans, Jim Roche, Laura Ekroot and Young Han Kim for their help in preparing these solutions.

At the time, the course was so challenging for me that I came away with a sour view of information theory altogether. However, a few years ago I picked up the 2nd edition of the text and began my own study of information theory, using only the text itself. I greatly appreciated their development of asymptotic typicality and rate distortion.
