Apply Newton's Laws to the Egg Drop Challenge Use the engineering design process to design, create, and test a solution to the Egg Drop Challenge Evaluate and improve upon design solutions Introduction Prior to building their egg drop containers, have the students complete the zSpace activities below. zSpace Activity

### **Egg Drop Challenge - zSpace**

The egg drop is one of my all-time favorite science demonstrations. It's a combination of strategy, skill, and just a little luck. The goal is to get an egg to drop into a glass of water. Sound easy enough? Did I mention that the egg is perched high above the water on a cardboard tube and that a pie pan sits between the tube and the water?
