### **Mazda MX-5 Miata Car starts and then dies Inspection Costs**

The engine will start smooth, but as soon as I turn the key from start to run, the engine dies. The engine will stay running as long as I periodically engage the starter and nick the starter gear against the fly wheel, so it doesn't appear to be a gas issue.

### **1988 Mazda B2200 Engine Starts and dies when key is turned**

Engine is cold car starts fine but then get to a stop sign. When you take off it stalls - no power and check engine wrench shows up. Will not go in any gear. Stop car, cut off engine, give it a few minutes and then start car. Engine starts fine no check engine wrench and runs fine. Took to 2 mechanics and hooked up to a engine diagnostic machine.
