DT-Registration - NZSDRT Inc

This Manual is a great addition to good dementia care for a most needy group - older men who are dealing with the dementia challenge. One of the great problems of dementia is the social isolation it causes. Social inclusion and shared experiences with open and accepting colleagues and friends are essential to a happy life.

for diversional therapists & activity coordinators

in this author's view, an attempt in documentation needs to be made rather sooner than later. See this document in that light. Echoing the attempt and document from the task force set up by the American Academy of Orthopaedic Manual Physical Therapists to standardise manual therapy terminology starting

Standardised Documentation in Manual and Massage Therapy ...

As with any manual, updates will need to be made as policies and regulations change. When updates are distributed, please be sure to replace old sections with updated sections. Please note that this is primarily a CLINICAL documentation guide, i.e., the main focus through this manual is the clinical documentation in the medical record.
