Ageing or aging (see spelling differences) is the process of becoming older. The term refers especially to human beings, many animals, and fungi, whereas for example bacteria, perennial plants and some simple animals are potentially biologically immortal. In the broader sense, ageing can refer to single cells within an organism which have ceased dividing (cellular senescence) or to the ...

The Tank, Infantry, Mk III, Valentine was an infantry tank produced in the United Kingdom during the Second World War. More than 8,000 of the type were produced in eleven marks, plus various specialised variants, accounting for approximately a quarter of wartime British tank production. The many variants included riveted and welded construction, petrol and diesel engines and a progressive ...

Carers play a vital role in supporting family members who are sick, infirm or disabled. 1 There is no doubt that the families of those with mental disorders are affected by the condition of their near ones. Families not only provide practical help and personal care but also give emotional support to their relative with a mental disorder.

Question via email – What is the difference between MPEP 2100 and 700? As a broad generalization, MPEP 700 deals more with hard rules and procedures (e.g., a publication with this priority chain is 102(e) art as of this date), whereas MPEP 2100 deals more with standards that are applied when determining patentability (e.g., what makes a particular invention “obvious”).
