### **Unit Training Management (UTM) - usacac.army.mil**

A command, control, and communication (C3) system is an information system employed within a military organization. It is a general phrase that incorporates strategic and tactical systems. Consequently, a combat direction system, tactical data system, or warning and control system may each be considered C3 systems.

### **Command and Control and Tactical Information Systems | Pre ...**

DTMS is an essential program that facilitates the unit's ability to train and track training. It ties together collective, individual, mandatory, CTT and deployment conducted training and provides commanders with a snapshot of the unit's training status.
