Engine Block Number 88 Jeep

Basic information about your jeep... Because the 134 cu. in. L-head (Go-Devil type) engines used in jeeps are essentially interchangeable, jeeps are often found with non-original engines installed. The casting numbers on an engine or block can be used to help determine what engine your vehicle has.

Engine Block and Cylinder Head Casting Numbers

Thus, Jeep owners must turn to the engine's seven-digit casting, or engine, numbers to find out what kind of engine they have. These numbers, not to be mistaken for the engine's serial numbers that are stamped onto the metal, are part of the engine casting. Serial numbers indicate the year an engine was made and its displacement.
