After a few years of hiatus Overhaulin' is returning this fall on the velocity network. Chip Foote does some amazing work and is an pioneer in automotive design. He has built some amazing cars such

as the mustang pictured below. We all look forward to seeing what Chip and the Overhaulin' team can do for some deserving enthusiasts.

Overhaulin' Is Returning! You Can Apply Now!

Are you still taking applications for Overhaulin'? How can I apply for my car to be on Overhaulin'? ... my husband had edpurchas a 2007 Harley Davidson roadking police bike and has changed it several times and has had the engine rebuilt several times . He deserves to be happy with his only form of transportation that he rides on a daily ...

How to submit an application to be on Overhaulin' - Quora

Engine tuning is the adjustment or modification of the internal combustion engine or Engine Control Unit (ECU) to yield optimal performance and increase the engine's power output, economy, or durability. These goals may be mutually exclusive; an engine may be de-tuned with respect to output power in exchange for better economy or longer engine life due to lessened stress on engine components.
