DEWALT 10 Amp Reciprocating Saw-DW304PK - The Home Depot

Hi Dave, Take a razor blade and slit the top of the felt at a slight angle, then open it up enough to

get over the shaft. Once its back in place it will close back up. This is the only really practical way to replace the felt seal other than replacing the assembly. That pin is there so tight that even if you got it out and back in, it would never stay in. We have done dozens this way and never had ...
