I think James gave up on his project of a turbo propane SHO V8 in his Capri about the time the Cam issue cam to the forefront. Together we made annotations for the photos and I will not make any deletions if if we don't plan on transplanting the engine since perhaps the observations may be helpful if not confusing at times.

Nissan was a relatively small automaker when it entered the international market in the 1960s and partnered with Yamaha to design a new sports car prototype to update the Nissan Fairlady. Nissan executives saw the prototype as a halo car that would improve their company's image in the minds of consumers. By 1964, Nissan realized that Yamaha's DOHC 2.0-liter engine was not meeting Nissan's ...
