Amazon.com: Breather Hose

A breather hose is very important because it allows you to release pressure built up inside your engine and it keeps you in line with strict environmental laws. The thing is that pressure in the engine has to go somewhere-else the whole thing just goes boom-but it comes with a lot of exhaust fumes, the breather hose helps hit two birds with one stone.

Breather Hose - Crankcase Hose | AutoPartsWarehouse

The shape and size of the breather hose varies depending on the make and model of your vehicle. A breather hose is typically difficult to disconnect because of the hose clamp which attaches it to the engine's bleeder valve. A vehicle's breather hose is a tube made from rubber or plastic, but will sometimes be upgraded with long-lasting silicone.
