### **Engineering | The University of Maryland Graduate School**

\*Note that years listed on the curriculum sheets below indicate the semester in which a student is admitted into the specific engineering major. \*\*Plans for the Core Program are designated for students who began their education at the University of Maryland prior to 2012.

### **Four-Year Plans | A. James Clark School of Engineering ...**

At Maryland, we have approximately 31 professors who predominantly or solely teach aerospace courses to our undergraduate and graduate students. Our program is a top ten nationally recognized program and is sixth in the nation for aerospace engineering at a state university.

### **Undergraduate | Department of Aerospace Engineering**

□ Bioengineering students must also complete BIOE 120 with a minimum grade of C- □ Students in other Engineering majors or Engineering undecided who wish to be a BIOE major must complete BIOE 120 with a grade of B-. □ Completion of either CHEM 135 or CHEM 271 or CHEM134 with a minimum grade of C-.

### **Engineering - University Of Maryland**

Students in the Department of Chemical and Biomolecular Engineering at the University of Maryland learn to use a combination of mathematical, physical, chemical, and biological science concepts within a rigorous engineering design framework, graduating with a unique set of skills highly valued by a wide range of employers in industry, academia, and the government.

### **Undergraduate | Department of Chemical and Biomolecular ...**

Master of Science in Mechanical Engineering (M.S.M.E.) Master of Environmental Health & Safety (M.E.H.S.) Students that participate in our programs get opportunities to work one-on-one with faculty, do hands-on research and learn how to use the equipment found in many industrial

settings.

### **Mechanical & Industrial Engineering Department | Swenson ...**

To get started on the path of joining our world of fearless ideas, carefully review our requirements for admission. Freshman Applicants High school students and students with fewer than 12 semester hours or 18 quarter hours of university-level credit beyond secondary school should apply as freshman applicants.

### **Admission Requirements | UMD Undergraduate Admissions**

The Bachelor of Science in Civil Engineering degree program at the University of Maryland is accredited by the Engineering Accreditation Commission of ABET, [www.abet.org](http://www.abet.org). The 122-credit degree program is designed to give graduates the breadth and depth of knowledge they need to work in the fields of civil engineering and to continue learning throughout their careers.

### **Bachelor of Science - University Of Maryland**

Engineering - Research General Requirements: ... The Graduate School, University of Maryland. 2123 Lee Building 7809 Regents Drive College Park, MD 20742 301-405-3644 [gradschool@umd.edu](mailto:gradschool@umd.edu). The Graduate School, University of Maryland 2123 Lee Building, 7809 Regents Drive

### **Mechanical Engineering | The University of Maryland ...**

Mechanical engineers are problem solvers, innovators, and global leaders. Their work is all around you. Mechanical Engineering is the broadest reaching of the engineering disciplines and is concerned with the design, manufacture, and operation of a wide range of components, devices, or systems.

### **Undergraduate | Department of Mechanical Engineering**

Hone the expertise to increase your market competitiveness. Fundamental aspects of geotechnical engineering that apply to problems of waste containment and remediation, basic principles of containment systems, compacted clay liners and clay mineralogy, hydraulic conductivity of compacted soils, methods ...

### **Civil & Environmental | Office of Advanced Engineering ...**

Join us to learn more about the University of Maryland Master of Engineering degree programs. Information covered in an Open House includes academic program options as well as application requirements and deadlines. Individuals attending will have the opportunity to ask questions about their program of interest.

### **Office of Advanced Engineering Education**

The Department of Chemical Engineering is continually working to provide nationally recognized excellence in engineering education and research. We do this by using hands-on and active learning experiences to prepare students for professional success, and we hold paramount the safety, health and welfare of the public.

### **The Dept of Chemical Engineering - Swenson College of ...**

Graduate Degree Program College: Engineering. Abstract. The Professional Master of Engineering program is designed to assist engineers and technical professionals in the development of their careers and to provide the expertise needed in the rapidly changing business, government, and industrial environments.

### **Systems Engineering (PMSE) < University of Maryland**

With over 90 undergraduate majors across 12 colleges, we have you covered. Pick one, pick two or even create your own major through our Individual Studies Program and explore a new interest through one of our 80+ minors. Still considering your options?
