I've got a Echo 280E in good shape. Hasn't ran much, been in storage for years. The problem is a broken fuel cap 13100413930 or 13100413931. These aren't available anymore but I think they are replaced by 13100413933? Are these still available and will they fit? My dealer just told me there aren't any parts left that you can get for the saw.
