- If the Master Document file is managed by software there should be no need for Control Copies (because the software will take care of only displaying the authorized master copy) • If Control Copies are required, procedures should include instructions for updating and retiring them to keep them in sync with the Master

Creating Procedures for Engineering Document Control

A crucial step to engineering document management sanity is taking a look at other companies in your industry who have SOARED beyond the problems your company is facing. You can't get a good picture of what the future could and SHOULD look like if you're always hip-deep in your company's

day to day operations.
