Dieter's Engineering Design represents a major update of this classic textbook for senior design courses. As in previous editions, Engineering Design provides a broader overview of topics than most design texts and contains much more prescriptive guidance on how to carry out design. Dieter focuses on material selection as well as how to implement the design process.

9780073398143 - Engineering Design 5th Edition by George ...

Linda C.Schmidt emphasized the concept of engineering is not mathematical equations or optimization in the Product Engineering Design (4th Edition) . In fact. engineering design variables to be considered is also a lot of. even a little trivial. and often need to weigh.
