Automatic or Manual Transmission. As there is no need for a clutch pedal, an automatic car will only have an accelerator pedal and a brake pedal. For this reason it can be easier to drive an automatic. With an automatic transmission the brakes need to be used more often in order to have more control of the car. We have a wide range of automatic transmission cars on our fleet:

### **Automatic or Manual Transmission | Budget Car Rental Ireland**

Answers. Oldest Best Answer: Manual transmission cars have to be specially requested and most rental companies no longer rent them because of the increasing number of people who just can't drive them, while automatic can be driven by anybody but the stupidest manual transmission drivers.
