Paul's Basic Guide to 16mm Projectors From time to time people ask me "What projector should I get." Of course, the answer is "It depends." In this page, I will try to give an overview of the different kinds of projectors that were made over the years.

Paul's Basic Guide to 16mm Projectors

A slide projector is an opto-mechanical device for showing photographic slides.. 35 mm slide projectors, direct descendants of the larger-format magic lantern, first came into widespread use during the 1950s as a form of occasional home entertainment; family members and friends would gather to view slide shows. Reversal film was much in use, and supplied slides snapped during vacations and at ...

Porter Electronics was established in 2003 and has grown to be a major reseller of a number of hard to find consumer electronics. We found a niche in carrying these hard to find items and selling them with our own 90 day exchange warranty. Most of these items are either impossible to find or can only be found on sites such as online auctions or online classifieds with virtually no guarantee.
