Building a Quiet Pentium 4 PC Note: no doubt this document will become obsolete the instant I write it, just as my build a 1998 PC document did. Nevertheless, it may be useful as a reminder of what I did, and the noise reducing strategies probably can apply to other PCs of any vintage.

Building a Quiet Pentium 4 PC - JEFF CHAN

Your own experience with a particular tuner will depend, to some extent, on reception conditions in your local area. For example, a listener in a metropolitan area where strong local stations crowd the FM band will need a tuner with excellent selectivity if he or she wishes to receive any of the more distant stations between the locals.
