**Weight of Cummins 5.9L engine - answers.com**

The Cummins Engine Company was founded in Columbus, Indiana, in 1919 by William Glanton Irwin and Clessie Cummins, a local mechanic. It focused on developing the diesel engine invented 20 years earlier, but in spite of several well publicized endurance trials, it was not until 1933 that their Model H, used in small railroad switchers, proved successful.

**Cummins - Wikipedia**

The PT fuel system on these Cummins engines had a little orifice pill that could be changed to uprate the HP. Im sure the VT210 is a VT190 uprated. Atkipete will know im sure. I think some engines have reputations sometimes they really dont deserve cos they havent been looked after.
