Sorry about the delay, I was uploading the info and the internet when down for me. I've got an 87 Monte SS, so I know what your harness looks like. This is what I want you to do first, before i load you up with info. Lay the harness out on top of the engine. It primarily runs on the passenger side. Everything should line up with where it belongs.

So I have been helping my friend with his 1984 Monte Carlo. His original 305 threw a rod, so we located a running 350 and swapped it in. The problem we have ran into is that the car has no power, as in no electricity. No Lights, no nothing. To top it all off, the previous owners hacked up the engine wiring harness for some reason.
