Therefore, the European Trauma Course (ETC) was developed on behalf of the European Resuscitation Council (ERC), the European Society of Trauma and Emergency Surgery, the European Society of Emergency Medicine and the European Society of Anaesthesiology. The ETC was officially launched during the ERC biennial conference 2008 in Ghent.

European Trauma Course | SpringerLink

Over three long days, the course trains candidates in the management of the trauma patient from the roadside to critical care, with half of the course pre-hospital and half in-hospital. ATACC includes all of the essential elements for pre-hospital care and all the requirements for staff working in a

major trauma centre.

Anaesthesia Trauma & Critical Care - The ATACC Group

The Advanced Trauma Life Support ® (ATLS ®) program can teach you a systematic, concise approach to the care of a trauma patient. ATLS was developed by the American College of Surgeons (ACS) Committee on Trauma (COT) and was first introduced in the US and abroad in 1980. Its courses provide you ...

Home - ESTES

The European Trauma Course (ETC) is a two-and-a-half-day simulation-based, hands-on course. The course is mainly practical and the candidates will be led in small groups through scenarios of increasing difficulty. This course will be spoken in English. ETCO The ETC is a project of the European Trauma Course Organization (ETCO).

European Trauma Course - Altec Lates

Based on my experience with the Resuscitation Council (UK) ALS course manual, the cost of printing a similar manual in the UK would be a fraction of this figure. Surely, the time has come for the UK to develop its own generic trauma course. There are already plans to develop a European trauma course in association with the ERC.
