Introduction and Disclaimer. The following is a history of some of the makes, marques and movers in the history of on-road EVs. It is not intended to be as complete as some published works on the subject, and it is the result of my knowledge and researches, and those of others who have provided information to me.

### **Some EV History / History of Electric Cars and other Vehicles**

Mohsin, I would like to add a sub-point to #2.If the book is good enough, then your readers will happily (maybe religiously!) promote the book. David Allen's Getting Things Done is the perfect example of this effect.. I decided to take a different route with an ePamphlet.
