REV engine removal..... Well I finally found time to get the engine out. Thought I would post up some pics. I am feeling like the inside is looking REALLY good for 3600 miles. Stock motor everything was running smooth when I took it out. Pistons and head look good, hopefully the crank will look as good and will need minimal work.

I have an 03 Skidoo Summit 800 rev chassis. I was wondeing if anyone knows if the motor out of my sled would be able to swap into my friends 07 Skidoo Summit 800, also a rev chassis. His motor blew and I was looking to buy his sled and swap my motors into his chassis. I thought it would be an easy swap but some people have told me that the motors wouldn't fit.
