Definitive Technology Speaker Manuals - ManualsOnline.com

While one Definitive Technology subwoofer will always sound great, the use of two subwoofers will definitely enhance your system's performance by providing a smoother and more consistent response pattern. Here, it is recommended that you locate the subwoofers on the same side of the room as the main speaker of the same channel. Subwoofer ...

The best loudspeaker is one that reproduces balance between the highest highs down to ground-shaking lows as accurately as possible. Our integrated powered subwoofer matched with its respective bass radiator offers deeper, more impactful bass from the tower speaker without the need to add a separate subwoofer.

BP9060 - Definitive Technology

the ProMonitor 600s will be used as front speakers and two will be used as side or rear surround speakers. These speakers can be used with any surround decoding technology; however, since they will most often be used with Dolby Digital* receivers and decoders, the instruction manual is written for Dolby Digital hook-ups

ProCinema 600 System - Amazon S3

At my normal listening levels, it has a great low frequency response and higher volumes, there is zero distortion. Everything sounds natural - the bass is significant but not overpowering to the rest of the speakers (mix of Definitive Technology and Proficient Audio). I wouldn't put this sub in a "great room" but for smaller rooms, it's marvelous.
