I think we still have one harness for a 6-speed in which I was saving it for my own my which I thought of making the swap.

I had a manual 530D before this one and much prefer the auto not to mention the fuel consumption auto box problems. Has anyone done this conversion. This is especially true when it comes to SMGs, Getrag's robotized manuals famous for not shifting once their pump gave out in BMW's M cars.
