There are two fuse boxes. One is the Integrated Power Module, which is the underhood fuse box. The interior fuse box is typically located either on the left-hand side of the dashboard, under a panel which is covered when the vehicle door is closed, or underneath the steering wheel area visible with ...

WHERE IS THE FUSE BOX LOCATED ON PT CRUISER - CarGurus

I have some bad news the mirror does plug right in but it does not play? the turn signal does not come on? I've tried every thing i can think of the only thing that i might try is to call a dealer and see if the ECU needs to be reflashed. so it will recognize the mirror turn signals. does any one have any other ideas?
