*E46 Engine Swap - Eventually, you will categorically discover a new experience and attainment by spending more cash. still when? accomplish you undertake that you require to get those all needs subsequently having significantly cash? Why don't you try to acquire something basic in the beginning? That's something that will lead you to comprehend even more approximately the globe, experience, some places, later than history, amusement, and a lot more?*

*It is your very own mature to play a part reviewing habit. among guides you could enjoy now is e46 engine swap below.*

**E46 Engine Swap**

I did a supercharger, engine swap and manual trans all for about 6k in total. You can find engine, transmission and rear end swaps from a E46 M3 in total for about 6-8k and do the work yourself. Or you can do what I did. Put in another engine and when you do put new piston rings in and get the engine machines so it's all nice and new.

We recently completed an S54 swap into an E46 325i sedan for a customer. The goal was to create a car that looked like a stock 3 series from the outside but had all the performance of an M3 and I believe we hit that goal. From what I've seen most of the swaps have been done with just the engine in mind.

My 2003 BMW Z4 blew a head gasket awhile back and I finally found a good deal on an engine to swap in. This video isn't an educational video but more of a video to show the process of doing an ...

**How to: Engine swap in a BMW Part: 1**

Generally speaking, the best engines to swap into the E30 are the E36 M3 engines, S50B30 and S52B32. Both produce enough power to make the swap worthwhile. The S54 from the E46 M3 is rated at 330 hp. It's size, light weight, and power make it an attractive E30 swap candidate. However, it is not an easy engine to install.
