What is ducted zoning? Zone Control, available on all ducted systems, allows you to group specified rooms within a particular "zone". This allows you to target within an established zone the specific rooms you want to heat or cool with your ducted system, rather than running your entire ducted system in the entire home or business.

What is ducted zoning? | Daikin

controller Outdoor unit This operation manual is for the following systems with standard control. Before initiating operation, contact your Daikin dealer for the operation that corresponds to your system. If your installation has a customized control system (eg zone control) ask your Daikin dealer for the operation that corresponds to your system.
