Fortunately, the manual (a ring-binder, actually) makes the enormous complexity and capability of the Eclipse quite understandable if you take the time to read it, although the operation is sufficiently intuitive that I suspect few will bother. The full manual and algorithm/preset guides are also available on the company's web site.

Eventide Eclipse Rocks!! Ok if you are a guitar player and are looking for one of the best sounding racks on the market your search is over. The Eclipse sounds so good I am blown away when I turn it on and start making new sounds. This is not a plug in and play pedal, you will need to spend some time with the manual to get this puppy set up right.
